Aging with Pride's Pre-Presentation Questionnaire

The following series of questions are designed to assist Aging with Pride (AWP) in determining the length, scope and capacity of us to assist you with your educational needs. Please fill it in with as much information as you can.

Name of Organization	
Location of requested presentation	
Name & Contact info of lead person coordination requested presentation	

1. Why are you requesting an AWP presentation? What are your desired outcomes?

2. How many participants do you expect to attend?

3. What are the job description/roles of those who will be attending?

4. Is there any history that you or the participants have with this issue (positive or negative) AWP should know about?

5. Is there anything specific that you wish to have covered during the presentation?

6. Please add any details of the day including: potential dates, where the presentation will be, how the room will be set up, start time, parking, what audio visual equipment will be available (for our PowerPoint presentation and videos)

7. Aging with Pride is a grassroots community group with no formal funding. While Aging with Pride does not change for trainings and will not let cost become a barrier to education, please state your organization's capacity to provide an honorarium to AWP.

8. In order to honour the truth and reconciliation process, Aging with Pride believes it is important to include a Land Acknowledgement in our workshops. A Land Acknowledgement is a formal statement that recognizes the unique and enduring relationship that exists between Indigenous Peoples and their traditional territories.

   Please choose one of the following:

   ☐ As host of the workshop, we will acknowledge the land

   ☐ Aging with Pride will acknowledge the land – "We would like to begin by acknowledging that we are on the traditional territory of the Anishnawbe, Haudenosaunee and Neutral peoples."

More information on land acknowledgement can be found at: www.lspirg.org/knowtheland
